At Your Service

Property and Grounds Maintenance

I employed the services of this small local company to prepare my one third of an acre garden and external property elevations, for sale. These had been neglected for some considerable time.

The five days of work for two men involved

- extensive digging over and weeding of several borders and beds,
- Hedge trimming,
- Grass Cutting, four lawn areas,
- Removing ivy from the Cotswold stone walls,
- Cleaning the glass and woodwork in three bay windows, 12 multi-pane windows, all windows being leaded, and a large, 20ft x 20ft conservatory,
- Cleaning all gutters, down-pipes and unblocking drains,
- Clearing the 80ft drive and the 5car parking area of weeds and accumulated leaves,
- Removing all the debris created off site.

This was all done in a friendly and efficient manner, to my complete satisfaction. I am therefore very pleased to recommend 'At your Service' and would certainly employ them again, should the need arise.

Their ad in Shinfield News states "Garden and Household Maintenance" at "Competitive Rates" in a "Friendly and Reliable" manner. This is an honest summary of the services delivered.

Yours sincerely

Don S Bulcock
